CRESCENT GUNNERS BEATYALE

SWASH 472 TARGETS TO 410 BROKEN BY STUDENTS.

F. B. Stephenson the High Gun for the Clubmen, While C. H. King Makes the Best Score for the Visitors-Trophy Shoots

at Bay Ridge and Travers Island. It was an easy victory that the gunners of the Crescent Athletic Club scored over the marksmen of Yale University, intercollegiate trap shooting champions of the United States. in the first leg of the home and home series, which is taking place between the Brooklyn clubmen and the New Haven students.

Six men made up each squad and each gun shot at 100 targets. In the aggregate the New Moon gunners broke 472 out of a possible 600 targets. The Eli students had a grand total of 410 targets. The match was decided over the Bay Ridge traps of the Crescent Athletic Club yesterday afternoon. The other leg will be shot at New Haven on March

The Brooklyn club was represented by A. G. Southworth, O. C. Grinnell, Jr., G. G. Stephen-son, H. M. Brigham, F. W. Moffett and Frank B. Stephenson. The Yale guns were B. Thaw, '09, S; S. Logan, '08, S.; S. R. Mac-Donald, '09 S.; A. Pugsley, '08; J. G. Ordway, '07 S., and C. H. King, '07, who is the captain

The gunners went to the traps in the order named. The Crescent marksmen won each shoot barring only that between G. G. Stephenson and S. R. MacDonald. In this event the Yaie gunner was victorious by targets.

The best work of the day was done by

targets.

The best work of the day was done by F. B. Stephenson, who returned a card of 91. C. H. King was the high gun of the Yale team. His total was 83. Barring only F. B. Stephenson and F. W. Moffett, who broke 84 of the blue rocks, King's card was the high score of the day. For his good work King was presented with a cut glass decanter bound with sliver. was presented with a cut glass decanter bound with silver.
Yale was minus one of its regular guns. C. Hebbard was the marksman and his loss was felt not so much, however, as the absence of T. H. Clarke, the star gunner of last year's Yale team, who has been graduated. In spite of the loss of these two men Yale averaged 681-3 per cent, against 782-3 per cent, made by the more experienced Crescent gunners.

The regular weekly fixtures were not for-gotten in the excitement caused by the match with Yale. A leg on the March oup was won by F. W. Moffett, and with his teammate. L. C. Hopkins, Moffett scored on the team race prize. The scores:

TALE UNIVERSITY-100 TARGETS BACE. 101 410

Grianell. Jr., 2, 40.

The New York A. C. target experts got rid of seven events at the Travers Island traps yesterday, and the most important of these was the March cup. It was the first leg for the trophy, and it fell after a highly interesting race to G. Fred Pelham, who in the fifty targets had an allowance of two. He made a total of 48, or 46 actual breaks, which for the weather was a capital piece of shooting. Pelham scored again in the only scratch event of the day, and that was in the ten pairs. Out of the possible 20 he hit 13, and the usually unlucky figures turned out otherwise for

Out of the possible 20 he hit 13, and the usually unlucky figures turned out otherwise for Pelham, for he won comfortably.

A new trophy figured in the programme. It is a silver challenge cup, presented by C. A. Huggins, and it will be shot for on the saturdays during March and April. The conditions of competition are that whoever secures the most legs on it in the two months becomes its permanent owner. It was a 25 target handicap affair, and the first leg on it fell to McKay, who with a handicap of 5 smashed the full 25. For trophy No. 1 there was some close work between McKay, who had been reduced one target in his handicap, and Fred Howard, on scratch. After sying at 24 McKay won in the shootoff by one target, with shuilar figures. Pattus won two of the trophy shoots and Scoble accounted into the shootoff is the shoot of the stophy shoots and Scoble accounted in the shoot of the shoot

PUBLIC SCHOOL BASKETBALL. Townsend Harris Hall Beats Commerce in Playing Off Tie.

In the first game of the playoff of the tie in the basketball tournament of the Public Schools Athletic League Townsend Harris Hall defeated the High School of Commerce resterday in the West Side Y. M. C. A. gymnasium by the score of 12 to 11. The greatest excitement prevailed from the beginning and so close was the guarding of both teams that not a goal was scored for a long time. The gymnasium, which was the largest neutral court to be procured, was packed with rooters from other schools in the league as ell as the two rival institutions Remey, by cleverly shaking off his guard.

scored the first goal for Commerce from directly under the basket. The Commerce rooters held sway until the score was tied by Townsend, when another great outburst of noise was heard. Brill, the stocky little Townsend captain, threw a goal from a forty-Townsend captain, threw a goal from a forty-five degree angle. No more goals were thrown in the half. Brill saved the day for his train through steady and accurate shooting of fouls, succeeding five times in succession in the first half. The half ended 7 for a in favor of Townsend. In the second half, with the score 12 to 8 against them Commerce players made a grand rally and decreased the lead by a clever field goal by Mullen and two fouls by Broad-head.

head.

At Dr. Savage's gymnasium Strivesant High School completed its schedule in the learne series by handily defeating Morris High School by the score of 24 to 12. Johnston and Cavallaro, as usual, were the stars for Stuyvesant and Grande at guard played headily and covered closely. For Morris Seider, the forward, and Gerstenzang, the centre, excelled.

In the Flushing Roller Skating Rink, Flushing, the Flushing High School defeated Erasmus Hall by the score of 20 to 11. Scully and Schraedick played best for Frasmus and Dixon and Dempsey for Flushing.

New England School Boys Break Records. Boston, March 2 .- Volkman School of this etty won the annual indoor athletic meet for preparatory schools this afternoon, scoring preparatory schools this afternoon, scoring a total of 38 points. Worcester Academy was second with 27 points, Phillips Andover Academy third with 17 points, and Phillips Execter Academy fourth with 18 points. Four new Schoolboy records were established. Rerbert Jacques. Jr., of Volkman lowered the mark for the 600 yard run from 1 minute 29 seconds to 1 minute 18 3-5 seconds. George Jones of Worcester Academy cut the time for the 1,000 yard run from 2 minutes 27 seconds to 3 minutes 25 4-5 seconds. Halpatrick of Andover ran the 45 yard high burdles in 6 1-5 seconds, one-fifth better than the previous time. The Volkman school relay team lowered the time for 1,560 yards in their race with Noble and Greenough School form 3 minutes 13 2-5 seconds to 3 minutes 11 seconds. LEXINGTON TURF NOTES.

August Belmont Pays \$1,500 for Licensing Rock Sand as a Public Sire.

LEXINGTON, Ky., March 2 .- August Belmont this week took out a license of \$1,500 for the privilege of permitting Rock Sand, his \$125,000 English Derby winner, to be bred to five public mares, thus paying \$1,500 to take in \$7,500. There are six other great horses near this city that are this season making their first appearance in the stud. They are the brilliant Stalwart, the \$60,000 imp. Adam, Delhi, a \$100,000 turf winner. Ivan the Terrible, imp. Yorkshire Lad and Wild Mint. In no season in recent years have so many high

George H. Whitney, Melrose Stud, has been rather unlucky as a breeder so far this year. The first mare at his place due to foal slipped last week and a few days later another mare foaled a colt which died in two days. Because Yankee Sister ran a good second in a creditable race won in the East last year by

Dashaway, J. E. Madden bought her for a brood mare at Hamburg Place, and because Dashaway beat Yankee Sister he bought that son of Salvator from T. C. McDowell the otner day. Yankee Sister is a valuable addition to the brood mare ranks at Hamburg Place, as she is a daughter of imp. Sister Cheerful, the dam of imp. Mirthful. Imp. Melton Mowbray, daughter of the

English Derby winner Melton, sire of imp. Sysonby, has been booked this season by h. M. Zeigler. her owner, to Milton Young's noted English horse Sorcerer. The latter is a son of Ormonde and the mare's produce by Sorcerer will be kin in blood to J. R. Keene's mighty horse, he being a son of Melton out of a mare by Orme, and the latter was also by Ormonde.

mighty horse, he being a son of Melton out of a mare by Orme, and the latter was also by Ormonde.

According to Ed Corrigan, the great racehorse Claude will have but one representative on the turf; that is a two-year-old, now registered under the name of St. Patrick. This youngster was foaled in California, Claude dying in Kentucky the following spring. He lived only to be bred to four mares at the Corrigan farm here. Three of these mares Corrigan sold in the fall of 1905; the other one he retained, thinking she was in foal, but she, too, proved barren last spring. So M. J. Daly's international Derby horse must rely on the exploits of St. Patrick for any fame that may come to him as a sire.

At Corrigan's farm the first of the get of the old Chicago favorite imp. McGee have arrived, McGee has but one yearling, which is owned by W. S. Payne, a neighbor of Corrigan, as he made his first regular season last year. The English horse has rounded out into a grand looking young stallion, and during Corrigan's visit here the other day was weighed, the scales registering 1,230 pounds. Corrigan has but four foals as yet this year, two of which are by imp. Scintillant. This mighty son of Sheen is held as a private stallion at Corrigan's farm.

Hot Toddy is one horse in training at the

farm.
Hot Toddy is one horse in training at the Hot Toddy is one horse in training at the Kentucky Association track that barring accidents is a sure starter in the Brooklyn and Suburban handicaps. Horsemen are much pleased with the horse's general appearance after his winter letup. He has come back to his work to all appearances sound, hearty and strong. Trainer Kim Patterson will bend every energy to fit him for the big Eastern races, and he believes if he can get him to the post at his best he has a royal chance of winning one of the big Eastern events. His dam unfortunately was barren last year. Milton Young, her owner, as a consequence has no yearling related to Hot Toddy. He believes, however, she is now again in foal.

GYMKHANA AT PINEHURST. A Day of Fun and Frotic Provided by Equestrians.

PINEBURST, N. C., March 2 .- The equestrian gymkhana held on Tuesday was full of fun and rolic. Finished and ofttimes reckless riding combined to make one of the most successful and entertaining events of the character ever

The ring events included the ludicrous doughnut race in which participants attempted the first to make the trip across and back winning. Another frolic was the egg race. There was also an obstacle foot race for the children, which furnished variety in the pro-

gramme and a good laugh, the contestants being required to run to a barrel, crawl through the same, run to the end of the ring and return to the starting point in the same manner.

The track events included the relay race in which a mail bouch was transferred in relays to a given boint and back by teams of three riders; and the scarf race, in which contestants to be the scarf between them.

to a given boint and back by teams of three riders: and the scarf race, in which contestants rode in pairs, holding a scarf between them, the best time winning in both events.

Last in order was the lance and ring contest, in which contestants went the length of the track and back, gathering in, with lances, hanging rings, ten in number, placed on each side, as they went. A tie in this event added to the interest.

Consoleuous for finished and daring work were: N. S. Hurd of Pittsburg, F. B. Reeves, Jr., and A. M. Shute, both of Philadelphia; Miss Pauline Firth of Boston and Miss Grace Higgins of New York. Other contestants included Master J. B. McCall, Jr., Miss Milligan, J. F. Loucheim of Philadelphia; Nathaniel Ferguson of Reading, Pa., Miss Caroline Fuller of New York, Miss McWilliams of Brooklyn, Master Harrison Royce of Arlington, N. J., and Miss Anne Talbot Day of Minneapolis.

FORDH AM'S BASEBALL PROSPECTS Fifty Men Respond to Call for Candidates

-Good Nine Expected.

Nearly fifty men responded to the first call for baseball candidates at Fordham University. Capt. McDonald and Coach Billy Keene are putting the men through gym-Keene are putting the men through gymnasium work every afternoon. Little real cage practice has been attempted yet, though it will come regularly within a couple of weeks, after which the squad will be cut down about one-half. Of last year's varsity the following men are geting into trim: Capt. McDonald, catcher; Gargan and Hinchliffe, first base: Coffee, shortstop: Schiess, third base: Hartmann, left field. Heydorf and Egan, pitchers, the latter of whom alternated between the box and centre field.

Dick Rudolph, who did brilliant work as a slab artist last season, has gone with professional ball. His place will probably fall to Mahoney, who was a Manhattan College star two seasons ago, Mahoney is also a a fast outfielder. McNellis's place at second base and Kane's in right field are vacant, but out of the half dozen candidates trying for each position a fast man will doubtless be found.

for each position a last man will doubtless be found.

It is thought that Gargan may be changed from first base to the outfield, where his apeed will count heavily in his favor. A. A. Schiess, a brother of the third baseman, is a likely looking man for McNellis's place at second. His work as infielder on the second team last year was conspicuously good. Although it is a little early to judge definitely. Fordham's prospects look bright for a fast team. The men's best points will be developed and brought out under graduate. Coach Keene, who is in thoroughly acquainte with baseball.

TIGERS WIN WITH FOILS. Take Six Out of Nine Bouts in Match With Pennsylvania.

PRINCETON, N. J., March 2.-Princeton ended the week's chain of indoor sports by taking a victory in fencing from Pennsylvania here this afternoon. The score was: 6 bouts to 3. It is interesting to note that

6 bouts to 3. It is interesting to note that since Washington's Birthday the Tigers have been successful in every branch of indoor sports, such as wrestling, basketball, swimming and fencing.

Capt. Breckenridge of Princeton proved himself a clever swordsman by defeating every man on the Pennsylvania's team with ease. Wendell of Pennsylvania was skilful and successful in the matches. A few weeks ago the Tigers won from Yale, so they are in a pretty fair way to win the intercollegiate championship. The summary:

Breckenridge, Princeton, defeated Jacobs, Pennsylvania was pennsylvania was great processed to the summary.

championship. The summary:

Breckenridge, Princeton, defeated Jacobs, Pennsylvania; McClintock, Princeton, defeated Seymel, Pennsylvania, defeated Thompson, Princeton: McClintock, Princeton, defeated Jacobs: Thompson, Princeton, defeated Seymel; Breckenridge, Princeton, defeated Wendell: Jacobs, Pennsylvania, defeated Thompson; Breckenridge, Princeton, defeated Thompson; Breckenridge, Princeton, defeated Seymel; Wendell, Pennsylvania, defeated McClintock.

WELLESLEY, Mass., March 2.-Wellesley College will not send a crew to New London annual Harvard-Yale boat race in June The invitation has been formally declined by the student body. An invitation to send a crew representing Wellesley to compete with crews from other women's colleges was received from the Mayor of New London a fortnight ago.

The annual hockey game between Companies I and K of the Seventh Regiment, held in the St. Nicholae Rink last night, resulted in the defead of the latter team. Score: Company I-77 Company K-6.

MANY CREW CANDIDATES. Rice Has 139 Men Trying for Seats I Columbia Boats.

The recent appeal of the rowing directors the Columbia crew for more candidates has resulted in 129 men reporting for practice seventy-one of whom are out for the varsity fifty-eight of whom are freshman candidates. The names of the varsity candidates

C. E. Winter '08, A. P. Brown '07, C. P. Jordan '09, H. Spaiding '09, H. B. Brainerd '09, H. B. Taylor B. Brode '08, G. M. MacKenzie '08, R. M. French G. G. L. Helmitch '08, A. Angelsinger '07, P. zie. who were in last year's boat, the same men are by no means sure of a seat this year as Coach Rice says that in selecting his men he will be governed entirely by what a man shows. Mackenzie, Helmrich and Boyle are doing good work this year and look sure of positions. Another good man has loomed up in Van Saltza, who has never rowed before. He weighs 190 pounds, and has showed decided skill in quickly mastering the Rice stroke. In this respect he has the advantage over several men of more experience who are having trouble in getting out of their old habits. Cerrussi is another man who looks good to Coach Rice and is likely to find himself seated in the first boat.

The first out in the squads will take place in a few days. Among the candidates who are out are several who would have no chance of making any kind of a crew, and at present there is not room for them on the machines. After the cut is made the men will be graded into squads, and the same squads kept together until the men go on the river. This will take place just as soon as weather conditions make it possible. At present there is a thick coating of ice about the boathouse that under the most favorable conditions is not likely to be out of the way before the middle of March. When the men go on the water at least three varsity crews will be boated. No first varsity will be selected, however, until the men have been on the water for some time and have had a thorough trying out both with sweeps and in centipedes.

In selecting his crews Cosoh Rice says

water for some time and have had a thorough trying out both with sweeps and in centipedes.

In selecting his crews Coach Rice says that he will be guided more by strength and endurance than he will by form. "It a man has the strength," he said, and can last the distance, I can give him the form all right. What I want in my men is endurance and ability to work. Some have good form but will lay down in the boat when it comes to a hard pull. But you can always tell when a man is shirking, and every man that gets in the Columbia boat this year has got to show me that he can make good. I intend to have the eight best men that are out in the boat, no matter who they are."

Although there has been an increase in the number of freshmen who have come out the men are still light. If Coach Rice gets a freshman boat that averages 160 pounds he says that he will consider himself lucky. Most of the men who are out now are much under that weight.

Those who have reported so far for the freshmen boat are:

Klepetko, Warwick, Dellenbaugh, Saunders, Wildman, Zogbauer, Pierce, Mortimer, Williams, Wall, Safford, Guthorn, Fliedler, Paddock, Schneider, Laurente, King, Shaw, Falkurtz, Murphy, Steinschneider, O'Neill, Mahon. Hansey, Townsend, McKanna, Stevenson, Renshaw, Barrett, Marganes, Englehart, Remsen, Mills, Erskine, Schoenfeld, Garmendia, Solis, Weeks, Chafee, Rockwood, Bangs, Willis, Hiereapolis, L. Paddock, Cutler, Wood, Conger, Haines, Cardoza, Murry, Hamann, Drischer, Keator, Heard, Batt, Hover, Zipris, Schroder and Cooper.

LONG DISTANCE RACES. Entries Being Made in Three Interesting

The committee having in charge the Ber muda race for sailing craft, consisting of Dr. De Mund, Vice-Commodore Trott and Thomas

Fleming Day, have up to date secured the entry of five boats. These are the Dervish, owned by Commodore Morse of Corinthian Y. C., Marblehead; the Isolt, Capt. Myers, St. George Y. C. of Bermuda; Bermudian, D. Burrows of Royal Bermuda Y. C.; Resulka, Commodore Coler, Brooklyn Y. C., and the yawl ding for Rear Commodore Majer of the New Rochelle Y.C. It is also probable that the Black Hawk and Takitesy, schooners, and the yawl Lila will enter. The conditions are most open and liberal; no restrictions except such as will insure

The conditions are most open and liberal; no restrictions except such as will insure none but seaworthy craft competing are embodied in the rules. The measurement for allowance is the extreme length over all; a simple rule that is popular with ocean sailors, and which allows of no trickery to nullify its operation. There being no tax on sail, the ocean racer can carry all the canvass her spars will spread and her skipper and crew show their skill in handling it. Any kind of light sails may be used. The race will start from off the Brooklyn Y. C. on June 5.

While no entries have yet been received for the motor boat race for the Bennett cup, it is known that two boats are building for the event. Both of these boats are said to he of the maximum length, %0 feet. The builders are keeping all details dark, as they do not want their competitors to know what their boat's rating will be.

It was hoped to get an entry for this race from Europe, but Mr. Day, who has been looking after the foreign end, has received word that there are no boats in France that will fill the conditions, the French motor craft being lightly built, high speed machines, not suitable for rough water voyaging. This was shown when they attempted to race across the Mediterranean and were all wrecked or sunk. It is expected that there will be one English entry. This race will start on June 8 from off the house of the Motor Boat Club of America.

The race from New Rochelle to Marblehead for motor boats, which is now recoginged as the most important annual event for that class of craft, will have over twenty entries. The committee have already received three entries, and have inspected the plans of six boats especially building for the event. The rules, with a slight change, are the same as last year.

Stevens, who won last year's race in the Sis. There will also be a special prize for the maker of the successful engine. The start for this race will be off the New Rochelle Y. C., and the finish off the Eastern V. C. at Marblehead, Mass. Distance 270 miles.

HARVARD EASY FOR COLUMBIA New Yorkers Win in Basketball Game by Score of 19 to 10.

CAMBRIDGE, Mass., March 2.—Columbia beat Harvard in basketball to-night by the score of 19 to 10. The New York team was the superior at all points of the game, and its defence was so perfect that Harvard was only able to make one goal from the floor. Hurley excelled for the New Yorkers, and his throwing of fouls was the best seen at Cambridge this year. Burnham and Amberg played the

this year. Burnham and Amberg played the best game for Harvard.

Columbia carried the ball far into Harvard's territory at the very first, but the referee called a foul and Amberg scored a goal on the try at goal. Columbia soon tied the score on a goal from a foul, and Cuthell put the New York team in the lead by a very pretiv shot from the centre of the floor.

From this time the game was one sided and the Columbia forwards seemed able to score at will, while Harvard never was able to get the ball into the Columbia territory. The first half closed with the score 8 to 5 in favor of Columbia.

In the second half the superiority of the Columbia team was still more apparent. Harvard was trying hard to make up the lost ground, and in her easerness to do this she was guilty of some rather rough work. It was not intentional, however, and when the referee was on the point of ruling one of the Harvard players out of the game. Columbia interceded, and the Columbia captain asked that he be allowed to finish the game.

Outfielder Mertes Goes to Boston. St. Louis, Mo., March 2,-M. Stanley Robison, president of the Cardinals National League Baseball Club, said this afternoon League Baseball Club, said this afternoon that Sam Sandow Mertes, the outfielder secured last season from the New York Nationals, had been released to the Boston National League Club. Mr. Robison said that Manager McCloskey had made the deal and he did not know exactly what terms had been made. McCloskey admitted that Mertes had been turned over to President Dovey, but declined to state the consideration.

Williams Defeats Wesleyan at Basketball. MIDDLETOWN, Conn., March 2.-Williams ate basketball league game this afternoon by 29 to 11. The game was hard fought and was unusually fast. Warren of Williams scored thirteen points on fouls and contributed two field goals. At the first half Williams led, 17 to 3, but in the second period Wesleyan with a changed lineup did much better work.

CHESS MASTERS DRAW AGAIN.

BATTLE EVENLY FOR FIVE HOURS AND A HALF.

Marshall Opens With a Queen's Gambit, Which Is Declined by Lasker-Champion Again Varies His Play-Lively Exchanges End the Game After 46 Moves

Washington, March 2.—The ninth game between Dr. Lasker and Frank J. Marshall for the world's chess championship, which was played at the Arlington Hotel here this afternoon and to-night, was declared a draw at 10:25 o'clock after five and one half hours of play. This makes the score for the matches: Lasker, 4; Marshall, 0; drawn, 5.
In the morning W. J. Lavender, the secre-

tary of the Washington Chess, Checker and Whist Club, through the kindness of Congressman Foster of Indiana, introduced the players to the President at the White House. The President was very complimentary to both experts. Previous to the beginning of play, at 2:30, ex-Congressman Shanon of Colorado intro-

duced the players to a large crowd of specta-Among the visitors were chess players from Washington, Baltimore and adjoining towns. Horace Wylle, a well known member of the Metropolitan Club, was requested to act as referee. While W. J. Lavender acted Lasker's second, William H. Smith acted in a similar capacity for Marshall Altogether the game started under rather brilliant and auspicious surroundings.

As was generally expected, Marshall again

relied on a queen's gambit for the opening, which Lasker saw fit to again decline. On his third move the champion varied from the defence he adopted in the previous games of

defence he adopted in the previous games of this opening by at once thrusting forward his queen 's bishop's pawn two squares, challenging the exchange of pawns in the centre. Marshall traded his bishop's pawn for the adverse queen's bishop.

The white king's knight was next brought out, whereupon the champion forced another exchange of pawns that resulted in the white queen coming out to the centre of the board. On his seventh move Marshall advanced his king's pawn two squares, which had the effect of introducing a wholesale exchange of pieces. When at his tenth turn Marshall took off the hostile queen with his own queen and caused the black king to move, depriving the latter of the right of castling, the spectators made up their minds that Marshall was in the ascendency, the more so as the champion's queen's side pawns were split up and his queen's rooks and queen's bishop's pawns isolated. The Brooklyn player temporarily gave up a pawn at this stage of the game, but won it back within a few moves after, having in the meantime castled on the king's side of the board.

Another exchange of minor pieces took place, and some keen manguyring in the

side of the board.

Another exchange of minor pieces took place, and some keen manœuvring in the middle of the board ensued. Throughout the game up to the first adjournment Marshall put in full time at every stage of the game, while Lasker seemed to be able to play rather more quickly, the latter using one hour and two minutes to Marshall's one hour and fifty-five minutes.

and two minutes to Marshall's one hour and fifty-five minutes.

Both players had occasion to move with great caution, as the pieces of both were left to be taken. The upshot of the play was that all four rooks were swept from the board between the twentieth and twenty-second moves, leaving Lasker with two bishops against a knight and a bishop in the hands of Marshall.

This theoretical advantage to a certain extent offset the disjointed condition of the champion's pawns on the queen's wing. After twenty-six moves had been made the first adjournment was taken and it was the consensus of opinion among these present that a draw would be the most likely outcome of the game.

of the game.

On the whole the lively exhibition provided by the masters was thoroughly enjoyed by the onlookers, who followed the scientific and well timed moves of the experts with evident relish. Pocket chess boards were very much in evidence, and with the help of these and the demonstration boards hung up on and the demonstration boards hung up on the walls everybody was enabled to follow the moves as fast as made and to analize the

the moves as fast as made and to analize the ever changing positions.

Play was resumed in the evening at \$:15 o'clock and each player brought his king toward the centre of the board. Marshall by a series of ingenious manœuvres of his knight captured the adverse queen's rook's pawn, but lost his own knight's pawn in exchange. The net result to Marshall was a passed pawn on the queen's rook's file, which served to give him a slight advantage.

The game became more and more simplified, and finally the players saw that further fighting was in vain and a draw was agreed upon after forty-six moves had been recorded. It is intended to play the tenth game either at Boston. Chicago or Baltimore. The

PRINCETON WRESTLERS WIN. Figers Get Decision on Odd Bout in Match With Pennsylvania.

PHILADELPHIA, March 2.-Princeton deleated Pennsylvania in their second dual restling meet by the score of 4 bouts to 3 pefore an enthusiastic crowd of 300 person n Weightman Hall to-night.

the 145 pound and the light heavyweight, while Princeton took the three middle events on throws and got the heavyweight on a decision.

6 seconds. 125 Pound Class—Howell. Princeton, threw Custis, Pennsylvania, with double bar in 9 minutes 35 seconds. oran, Pennsylvania, with bar and chancery in minutes 25 seconds. 145 Pound Class—Watte, Pennsylvania, won from 3 seconds.

175 Pound, Light Heavyweight Class—Folwell,
Pennsylvania, threw Dixon, Princeton, with forerm hold in 5 minutes 31 seconds.

175 Pound, Heavyweight Class—Rheinstein,
Princeton, won from Dwyer, Pennsylvania, on

DEBO'S RECORD PLUNGE. Pennsylvania Man Covers 66 Feet and 6

Inches-Quakers Beat Yale. PHILADELPHIA, Pa., March 2 .- Pennsylvania defeated Yale in a dual swimming meet by the score of 38 to 15 points, while Yale won the water polo game by 3 goals to 1 in the gym-

water polo game by a goals to 1 in the gymnasium pool to-night.

Daniel B. Renear, Pennsylvania's star swimmer, was protested by Yale on the ground that he had not had a collegiate year at Pennsylvania. Pennsylvania sustained Yale's protest, since Dr. Smith ruled that Pennsylvania's faculty committee on athletics considered Renear still a freshman, hence ineligible for the varsity team. sidered Renear still a freshman, hence ineligible for the varsity team.

R. A. Dabo of Pennsylvania broke the intercollegiate record in the plunge for distance, with a plunge of 5s feet 6 inches, while Sherman of Yale also broke the present record of 63 feet 6 inches by a plunge of 64 feet.

Dalrymple's work in the 220 special race for freshmen in the good time of 2 minutes 55 4-5 seconds was a feature of the meet. Pennsylvania's quartet won the relay race by 15 yards, while Yale's superior team work won the polo game, although Pennsylvania's team fought hard in the second half.

ANNAPOLIS, March 2 .- There was an interesting fencing match here this afternoon

between teams representing the Philadelphia Fencers' Club and the Naval Academy. Fencers' Club and the Naval Academy, There were eighteen bouts with folls and the match closed with a bout with duelling swords between Mr. Lewis of the visitors and Midshipman Dichman.

No decisions were announced, but the bouts were fast and closely contested. There were four members of the visiting team and seven midshipmen, a number of men not on the regular team getting in a match for the first time. The members of the team were

Philadelphia Fencers' Club—E. B. Lewis, captain: Francis Tetes, Paul Kramer and William Kochler
Naval Academy—Grattan C. Dichman, captain: Harold Def. Burdick, Walter Smith, E. S. R. Brandt, Charles C. Ross, John H. Everson, and Rarrison E. Knauss.

MATHEWSON IN FORM. Crack Pitcher Sends the Ball Over to Bres-

nahan for Half an Hour.

LOS ANOELES, Cal., March 2 .- Although the New Yorks were somewhat sore and lame from the effects of their first day's pracice, Manager McGraw pushed them even harder this morning than yesterday and measure. The weather was again all that bould be desired, being just as warm and sunny as on Friday. The boys warmed up to their work rather slowly, but when the kinks were out of their muscles they hustled in a way that caused McGraw to smile broadly. Christy Mathewson, who as a general thing loss not let his arm out for several days after the start of practice work, felt so good that he pitched to Catcher Bresnahan for a half hour steadily and demonstrated fully that if nothing unforeseen happens he will be the

hour steadily and demonstrated fully that if nothing unforeseen happens he will be the great Mathewson of 1905. He tried speed, curves, drops and in fact everything in his own nuzzling and extensive line.

McGinnity's arm was also in good shape, and he too put on lots of speed. It was Bresnahan's first appearance and he went at his work with a surprising amount of vim. Roger will have to take off considerable weight to be down to his best form, but in this climate he will have little trouble in doing it.

Corcoran again played second base in the regular lineup on the field. He takes to the position as if he had no doubt of his ability to fill the bill. He did some excellent fielding this morning. The new men, Burke and Hannefin, increased the favorable impression they made yesterday. McGraw evidently thinks that both have the making of big leaguers, for he constantly helped them to-day.

Seymour takes more than his usual interest in getting himself into good condition, and he was out on the grounds this morning an hour before the other players. The other outfielders, Browne and Shannon, appear to be in splendid shape. Shannon has been practising for two weeks and is batting much better than is usual at this season.

The players are not letting their arms out to any dangerous extent, although Bresnahan lined the ball around the bases as he was compractising for two weeks and is batting much better than is usual at this season.

The players are not letting their arms out to any dangerous extent, although Bresnahan lined the ball around the bases as he was compractising for two weeks and is batting much better than he will be a separate to be in splendid shape. Shannon has been practising for two weeks and is batting much better than he susual at this season.

The players are not letting their arms out to any dangerous extent, although Bresnahan lined the ball around the bases as he was compraction. Hal Chase is expected here to-morrow. Rube Vickers is here on his way to join the Athetics in Dallas, and says that

FINAL SETTLEMENT GAMES. Basketball Honors Settled in Three Weight Divisions.

The basketball teams of the intersettlement houses completed the series of games last night. At the Jacob A. Riis House the University Settlement teams defeated all of the fives representing Ris House except the 130 pound class. In this division University Settlement forfeited to Riis because of overweight. A game was played, however, between the teams of Riis House and the team which represents University Settlement in the A. A. U. 130 pound class. University Settlement won by 39 to 7.

In the 115 pound class another runaway game resulted, for the score ended 53 to 11 in favor of University Settlement. This makes the tenth successive victory for the 115 pound University Settlement team and gives them the championship and the trophy cup. ever, between the teams of Rils House and the

gives them the championship and the trophy cub.

In the 100 pound, or schoolboy, division University Settlement won by a total of 48 to 8. In this division also the University Settlement won the trophy and championship, Clark House being a close second.

At the boys' clubhouse Educational Alliance and Boys' Club met in the final round. All the divisions were won by Boys' Club, the senior and 115 pound class being won on forfeit and the 130 pound class won by the score of 38 to 3. Faift alone scored 28 of the 38 points. He was ably assisted by Kennedy at centre. In this division Boys' Club gets third place.

At Christ Church were played the important games of the series and as a result Christ Church won in the 130 pound class from Clark House and tied with the latter team for the championship in this division. After a most exciting and closely contested game Christ Church won out in the second half by the score of 31 to 18.

In the senior division Clark House retaliated by defeating the home team by the score of 55 to 23. The feature of this game was the

In the senior division Clark House retainated by defeating the home team by the score of 55 to 23. The feature of this game was the foul shooting of Bick, who scored eight fouls in succession for Clark House. This makes a clean record for Clark House in this division and gives them the cup.

In the 115 pound division Clark House deteated Christ Church by the score of 36 to 8.

Intercollegiate Basketball. PRINCETON, March 2 .- Princeton and Cor-

ell fought it out here to-night for last place in the Intercollegiate Basketball League and the Ithacans secured the tail end honors. The Tigers won the game by a score of 31 to 18. There was plenty of excitement throughout, but the playing was far from polished. Princebut the playing was far from polished. Princeton excelled Cornell in every department, except possibly that of passing, and it mattered little, because the Ithacans could not find the basket when they shot.

Princeton scored first on a goal by Hagenbuch, who was fast all through the game. Then Clark came along with a pretty line of dribbling, which resulted in another basket. Princeton's lengthy centre contributed several points on foul goals and the rest of the quintet tallied often during the first period. The Cornellians got only 4 points while the Tigers piled up 20 by the end of this half.

After the intermission the visitors livened up and made seven baskets. Princeton used three substitutes early in the half. Meese, Hooks and Fish. Meese caged a beauty on a long pass from Hagenbuch. The game ended with a field goal from Hooks. Capt. Halliday. Clark and Hagenbuch starred for the Tigers and Avery and Phelps were the Ithacans who did the best work. The Tigers disbanded their team to-night.

BROWN TRIMS THE ELIS. Scores 30 Points to 19 in Rough Basketball

PROVIDENCE, March 2.- The Yale basketball team proved inferior to the Brown five at almost every point of the game at Brown to-night and the local collegians decisively won by a score of 30 to 19. The Brown team started in well in the first haif and at the end of that period had thrown six baskets from

of that period had thrown six baskets from the field against their opponents' four. Brown also threw three out of four tries at baskets from fouls, while the Yale men missed four of five tries from fouls.

In the second half Brown successfully negotiated seven goals from fouls, missing but two. They also threw four baskets from the floor. Yale, on the other hand, scored but two points out of five chances on fouls and threw but four baskets from the floor. Reynolds and Price were everywhere—on the floor for Brown and had no trouble in throwing baskets when they were needed. Their shots from fouls were also accurate. Christman and Wren did the bulk of the work for the Blue, the former showing up especially well in the second half. The game was characterized by great roughness, especially on Yale's part, in the second half, when the penalties exacted were of themselves almost enough to lose the contest.

PITTSBURG, March 2.- The closing professional races in Duquesne Garden to-night proved that Norval Baptie has few if any equals as a fast man on skates. He had no trouble to defeat such fast skaters as McCultrouble to defeat such fast skaters as McCulloch, Bellefuille and Sinnerud to-night in the half mile race in 1:19 4-5, a second slower than his own record made in the Garden last year. Bellefuille finished second and McCulloch third. In the two mile race Baptle won in 5 minutes 58 seconds. McCulloch was second and Bellefuille third. Sinnerud did not get a place in either event. In the quarter mile race, skating backward, McCulloch won, with Baptic second and Bellefuille third. Time, 49 3-5 seconds. Baptic issued a challenge to race Morris Wood, the amateur champion of Brooklyn, for any amount, the race to take place on any track in the country.

Military Tournament on a Small Scale This Year.

The games committee of the Military Athletic League held a meeting yesterday at the Ninth Regiment Armory and it was decided to hold the military tournament this year on to hold the military tournament this year on April 5 and 6. It is intended that the trials will be on Friday and the finals on Saturday. No location for the meet has yet been selected, but it was stated that it would be made known before many days. This year, of course, the affair will be on a smaller scale than the show so familiar to New Yorkers for a number of years. There will be no military maneuvres or regimental display, only the athletic events.

BETRIEBEN, Pa., March 2.—Lehigh and Columbia competed in a dual gymnastic meet here to-night. Lehigh gave the New Yorkers a hard run, but the latter won by 28 points to 22.

Another Encoachment on the Marine and Field Club's Course.

There is more trouble ahead this season for the Marine and Field Club golfers. After being bothered for two years by the con-struction of the big sewer across the links along the Park road, the golfers last summer rearranged the course so as to make bunkers of the embankment and finished out the season in comparative comfort. Now work of the first one. It will cross the norther! Twelfth avenue, passing over the tees for the of the holes by fifty or sixty yards. The tur will be cut up along that edge of the fair green and a general confusion created by the ex-cavating and the filling in with pipes and concrete. Soil has been broken throughout for the new sewer and gangs of workmen are on the job daily.

All of the city links are held on a frail ten-

ure, for the march of improvements may not be stopped by Col. Bogey, and three courses were snuffed out last fall on this account They were the Westchester, Eastern Park way and Richmond Hill links, although the game has been kept up under difficulties at the latter course. The Marine and Field Club will not give up on account of the en-

croachment of the sewers, for instead the golfers will keep on as best they can. As played last fall the Marine and Field nine holes had a playing length of 3,000 yards and 2,800 yards at least will be playable during the work on the new sewer. Unless complications arise over the lease, the Marine and Field Club golfers expect to carry out the season's schedule as usual.

Originally started as a country club, with yachting as a special feature, the Marine and Field is one of the oldest organizations of the sort in Greater New York. The main house is at Bath Beach on the waterfront and the club has from 350 to 400 active members. The links is a mile from the main house on the fields opposite Dyker Heights. A golf house is kept up at Dyker Heights and all members have the privilege of the course without any extra fees, although there is a charge for a locker. Two hundred of the members pay for lockers, and but for the troubles to hold the grounds free from invaders the golf end of the club would be decidedly prosperous. Tom Gourlay is the professional and he has already made new excavations.

The four leading golfers of the country. Travis, Travers, Egan and Byers, have been returned by M. G. A. clubs for the general handicap list. The list will go to press in a day or two and the rankings, from scratch to nine, will number about 500 names. Seven of the clubs are still shy. Tuxedo, Hollywood, Briarcliff, Century, Fairview, Mahopac and Larchmont, but the four first have promised to rush in their returns.

YALE TRACK OUTLOOK GLOOMY Good Men Have Been Graduated and Other Cracks Are Not in Form.

NEW HAVEN, Conn., March 2.-With two of the four indoor competitive track meets in which Yale's team is to compete already gone, even the most sanguine of observers acknowledge that Capt. Marshall has less on which to develop a representative team than any track leader in many years. The names of the seventeen men who graduated reminds one of a tally of point winners in the intercollegiates, while the record made so far by those veterans left is not at all encouraging In the first of the indoor meets Yale did absolutely nothing. Parsons disappointed Coach John Mack by coming in third in the 600 yard run, and he has not recovered his old form. In the last meet, the Boston A. A. games, only the one mile relay was captured Out of the wreck of last year's not too suc-

cessful team some material has been saved which must be greatly developed in order to be presentable in the intercollegiates.

Torrey and Twitchell, Yale's mainstay in the sprints, are in condition and will be supported by Burch and Butler, the latter being a fast man, but owing to a broken foot was out of the running last season. Stevens, incligible last year, owing to the one year residence rule, is now available. He is running in fine form and may try for the quarter. In the quarter, beside Stevens, should he run, will be Coholan, Browning and McNulty. The latter is showing up well and ran a pretty race at the B. A. A. meet. Browning lacks the strength necessary for the quarter and may be dropped into the dashes, where he should make his best showing.

In the half mile Parsons seems out of form, and it is thought that Pennsylvania is planning to the tarker. which must be greatly developed in order to to run Taylor in the half instead of the quarter in an attempt to defeat Parsons. Frissell, Tilson and Weeks are trying for the same distance, but are not showing championship

form.
Only two men at Yale have any qualification

form.

Only two men at Yale have any qualification for the mile. Spitzer, who did not run at all last year, seems the most promising. Woodward is the only two mile runner who has a show for points in the big matches and he lacks speed. Porter and Freel are running here also.

Yale has only mediocre men throwing the weights, but Beck is coaching the shot men and expects to improve their form. Burman, Sheldon, Abbott and Clow get the shot to the forty foot mark now. In the hammer throw George and Parks are good for only 135 feet so far as the records go.

Field events will be Yale's strongest point, the pole vault, the broad and high jumps. Gilbert, who, though erratic, has vaulted over twelve feet, is working very hard and has done little in gymnastics, which in former vears has taken much of his time. Dray, intercollegiate champion of 1905, whose instep was broken in indoor work last winter seems to be in better form and more energetic than ever. Roberts and Murphy have also been over 11 feet 3 inches in outdoor work.

Capt. Marshall in the high jump and William

also been over 11 feet 3 inches in outdoor work.

Capt. Marshall in the high jump and William Knox, the varsity football halfback in the broad, are both star performers. Knox is sure of his event, as he took the intercollegiate last year and is supported by Davis, who is capable of 22 feet 4 inches. Marshall is working with Sisson and Buhrman.

On March 12 Yale will enter several men in the N. Y. A. C. games and will close her indoor season with the Naval Battalion games in New Haven on March 18.

WEST POINT, March 2.—By gaining the lead early in the game Lehigh managed to defeat the Cadets' basketball team here to defeat the Cadets' basketball team here to-day by a score of 28 to 24.

During the greater part of the first half the Cadets were outplayed. Lehigh scored by 7 points before the soldiers had made one attempt at goal, and had 13 points tallied before B-ardslee made the Army's first score. From this on the soldiers took a brace and the half ended 17 to 12 in Lehigh's favor. HORSES AND CARRIAGES.
